

ASSOCIATED CHAMBERS TO HELP GET EXHIBITS FOR ORANGE BELT TRAIN

Articles That Can be Distributed Wanted—Road From Corona del Mar to Laguna Wanted

At its monthly meeting last night, held at Buena Park, the Associated Chambers of Commerce of Orange county took steps to provide produce exhibits to be taken to Detroit by the Elks Orange Belt train in July. An address was delivered by G. H. Stewart, ex-president of the Los Angeles Chamber of Commerce. A committee was appointed to see what can be done about securing a roadway from Corona Del Mar to Laguna Beach. A resolution was passed asking Congressman Smith to work to secure a cabinet officer on public health. It was decided to have printed at once 20,000 booklets for advertising Orange county.

Eatables Galore
At the banquet table in Masonic Hall at Buena Park there were 110 men seated. The banquet was spread by the ladies of Buena Park. The cooking was home cooking, and everything was of the best. A half chicken was served each guest.
Harry May, secretary of the Riverside Chamber of Commerce, employed by the Elks to supervise the exhibit for the Orange Belt train, and Mr. Roe of San Bernardino, having the excursion train in charge, were present and told of the plans of the Elks. It is proposed to take two carloads of Southern California products, to be used as exhibits at Detroit at the grand lodge. The kind of produce wanted is the kind that can be distributed after the grand lodge is finished. The names of donors will be attached to each article. The train will carry no liquor. None will be allowed on it. The excursion is open to all who wish to travel upon it.
The Associated Chambers named a committeeman from each organization to gather the exhibits, to act jointly with the committee from the Santa Ana Elks. The Elks committee is J. D. Thomas of Santa Ana, A. J. Klunk

of Orange, H. M. Adams of Anaheim, E. J. Marks of Fullerton, W. T. Newland, Huntington Beach.

Address Stirling
The address of G. H. Stewart was interesting and stirring. He is full of enthusiasm for development. He spoke largely upon harbors, San Pedro in particular, he being a member of the Harbor Commission. He said many good words for Newport Harbor, and encouraged the Associated Chambers in its fight for that harbor. He said that it is bound to become a harbor. The more development of harbors the better it is for San Pedro. The development of the entire coast is a benefit to the harbors, and the greater the development the greater will be the need of harbors. He said a good word for good roads.

Committee Appointed
Col. Coulter asked that a committee be appointed to see what can be done toward securing a driveway along the bluffs from Corona Del Mar to Laguna Beach. The committee was appointed.

The advertising committee reported in favor of publishing a booklet to be used for advertising Orange County, every section to be represented, a booklet that will be of value to every community and to the county as a whole. Col. Coulter stated that Laguna Beach would want 1000 copies of the booklet. This led other organizations to express themselves, and in the end it was ordered that an issue of 20,000 be gotten out as quickly as possible that the booklet may be used by the Elks in their trip east.
The next meeting of the Associated Chambers will be held at Fullerton on June 29.

IRON MAKERS' ASK FOR WAGE ADVANCE

Los Angeles Employers Face Request for 8-hour Day and Other Demands

LOS ANGELES, May 26.—Moulders, boiler makers, and other crafts connected with the iron industry, today, through a committee, presented the employers with an agreement providing for an eight-hour day, time and a half for Sundays, nights and holidays, union rules governing the employment of apprentices, and a minimum wage of \$4 a day.
It is stated that they expect the employers to sign the agreement, or confer with the committee before June 1. The agreement affects hundreds of men. No threat of a strike was made in the event the agreement was not signed.

MARY HARRIMAN IS WEDDED TO ARTIST

Will Spend Summer on Vast Harriman Estate at Arden, New York

ARDEN, N. Y., May 26.—Miss Mary Harriman, daughter of the late E. H. Harriman, was married at noon today to Charles Cary Rumsey of Buffalo. The ceremony was performed at Arden Church, near Harriman's grave. Because of the recent death of Mr. Harriman, the ceremony was simple. Few were present and Rev. J. Holmes McGuinness officiated. The wedding breakfast was at the Harriman country home.

The honeymoon will be spent on the Harriman estate after a brief wedding journey. The bridegroom is an artist.

BROOKLYN MAN SAYS HE IS ENGLISH KING AND EDWARD'S SON

NEW YORK, May 26.—John R. De Gueph of 106 Montagu street, Brooklyn, yesterday declared himself king of Great Britain and Ireland and assumed the title of King John Edward. He addressed a carefully prepared neatly typed-written demand for his "rights" to Parliament, the people of Great Britain and her colonies to the president and people of the United States and rulers and ministers of church and state. He declares he is the first born son of the late King Edward.

BROKEN RAIL CAUSED D. & R. G. TRAIN ACCIDENT

CLEVELAND, May 26.—Fred Koehler, the "Golden Rule" chief of police, yesterday following the filing of charges of drunkenness and immorality made against him, today asked Prosecutor Klein to review the charges pending and start a grand jury investigation if he finds the charges supported by the evidence.
Koehler's friends believe he will obtain a fairer hearing before the grand jury than otherwise. Koehler accuses the mayor of unfairness in refusing him copies of the affidavits on which the charges are based. He asks that the hearing, which is set for Tuesday, be private.

WHAT IS PATTEN'S GAME, SAY RIVALS

CHICAGO, May 26.—That wheat king James A. Patten will retire from business permanently in July was an authoritative announcement made to the United Press today. The fact that Patten's similar previous announcements had been followed often by market coups, is causing his opponents to wonder what operation he is planning now.
Patten declared that he will rest during the summer and go to Europe in the fall. He admitted he might trade "for amusement."
It is announced that a new million-dollar corporation, Bartlett, Frazier & Company will be formed to succeed the Bartlett, Patten Company.

SUBMARINE BOAT SINKS IN ENGLISH CHANNEL— COLLIDED WITH PACKET

French Submarine Attempted to Dive Under Pacet Boat—Officers and Crew Were All Drowned

LONDON, May 26.—The French submarine "Pluviose" with a crew of twenty was sunk by the Dover and Calais packet "Pas de Calais" in the English channel today. All reports have indicated that none were saved.

A wireless from Calais states that French and British torpedo boats caught the packet's wireless call for help and hurried to the scene. The accident occurred near Calais. The weather was clear and the cause of the collision was unknown.
Entire Crew Probably Drowned
LONDON, May 26.—A submarine belonging to the French navy was sunk in the English channel in a collision with the Calais and Dover packet boat. The entire crew is reported as drowned.

LID NOT TO COME UP IN ALASKAN PROBE

Guggenheims Alleged to be Back of Hostility to the Accused Officials

WASHINGTON, May 26.—The hearing of the charges that the Guggenheim interests have been instrumental in ousting two federal officers will continue behind closed doors. Chairman Nelson of the sub-committee of the senate judiciary committee, before which the charges were brought, ruled against the open sessions demanded by the senate leaders today. The decision was announced after an executive session of the committee.

Wanted Lid Taken Off
WASHINGTON, May 26.—Allegations of political and civic corruption including Attorney John R. Boyce, and United States Marshal D. A. Sutherland of Alaska, resulted today in the demand that the "lid be lifted" from the secret investigation being accomplished by the sub-committee of the senate and judiciary committee.

The sub-committee met today to consider the demand and probably will announce a decision soon.
The charges created much interest. Many senators are demanding that the entire investigations be open.

One of the charges says that the Guggenheim activity in the alleged securing of dismissals began when, after one of their employees had been convicted by the district attorney, the marshal tried to indict "higher-ups."

The charge is made that the Guggenheims spent \$70,000 to keep one of their employees out of jail, then presented itemized vouchers showing the expenditure in an effort to influence the court proceedings.
Sutherland is a Massachusetts man, and Senator Lodge is active in aiding him to get an opportunity to clear himself of the charges brought by the alleged friends of the Guggenheims.

GIRL WHO WEDDED JAP NOW SEEKS DIVORCE

CARSON, Nev., May 26.—Mrs. Gunjiro Aoki, formerly Miss Gladys Emery, daughter of Episcopal Archdeacon Emery of San Francisco, is here today with her child and her mother to establish a six months residence prior to obtaining a divorce. Miss Emery married a Japanese, who was the Emery's household servant, in Seattle. The child was born there. The girl is staying here with members of the local Episcopal church.

DOCTOR OF LAWS IS ROOSEVELT'S TITLE

Cambridge Bestows Honor Today—Tribute Paid American as Peace Apostle

CAMBRIDGE, England, May 26.—The honorary degree of Doctor of Laws was conferred on ex-President Roosevelt by Cambridge University today. The students called on the Colonel for a speech but he refused.
Dr. Sandys of Cambridge, delivering an address at the ceremonies said: "Theodore Roosevelt is the most vigorous and versatile man in the world in his efforts to secure peace. He is the friend of the British and all good people of the world over."

He predicted that Roosevelt would continue his services to his country when he returns.

BOARD OF EDUCATION ELECTS TEACHERS FOR NEXT SCHOOL YEAR

The Santa Ana Board of Education last night elected teachers for next year, and, following the recommendation of City School Superintendent Cranston, assignments for the year were made.

Eleven teachers were not candidates for re-election. W. A. Bartlett was elected principal of the High School. He has been acting principal for several months. Prof. W. M. Clayton, now principal of First street school, was transferred to the high school, where he will teach mathematics. R. C. McDonald, now principal of the school of Temple, Cal., was elected in his place. Miss Mary E. Rice of the kindergarten faculty, is to be succeeded by Miss Mary F. Ely of Appleton, Wis.

Two new teachers were chosen for the high school. Miss Mae Johnson of San Bernardino, for the commercial and Spanish courses, and Miss Ora Seeley of Los Angeles for Latin. Miss Johnson has been teaching at the Huntington Park High School, and Miss Seeley near Los Angeles.

Of the six new grammar school teachers, Misses Maud Jones, Bertha A. Barclay, Mabel Nichols and Della Wright are of Santa Ana, Miss Pearl Eason of Monrovia, and Miss Artie K. Cleveland of Ferguson, Mo. The teachers elected are:

High School
W. A. Bartlett, principal; M. Elizabeth Wyant, Leno E. Cooper, Nellie Thompson, Allie Hallet Taylor, Katharine Geotzinger, Joella F. Gowdy, H. O. Eggen, Lucy Yousse, Fanny May

WILL BALLINGER GIVE UP HIS JOB?

"To Resign or Not to Resign," That's the Question He May Be Wrestling With

WASHINGTON, May 26.—Official Washington is interested by the report that Secretary Ballinger's family is preparing to leave Washington. The household goods are packed and ready for shipment. Many believe these preparations foreshadow Ballinger's resignation.

Rumors are current that the secretary will withdraw following the submission of the congressional investigating committee's report, in which he will probably be exonerated by a vote on party lines.

FIRST NATIONAL OF ORANGE AMONG THE BANKNOTES COPIED

Los Angeles Times. About \$100 worth of bogus bills have been passed on local merchants during the past three days. The victims first reported their loss to the police. Later Secret Service operative Hazen was informed of the presence of two suspicious characters in this city. He made a careful search of the downtown districts and the hotels, but the crooks had vanished. It is believed they are on their way to San Francisco. The police and secret service agents of that city have been notified to be on the lookout.

The bills are all of the \$10 denomination and are poor imitations. Some are counterfeit notes of the National Bank of Rivers, others of the First National Bank of Orange and the rest of the First National Bank of Yuma. Nearly all the bogus money was passed on clothiers.

ORIGINAL "EVA" IN UNCLE TOM'S CABIN DROPS DEAD

PHILADELPHIA, May 26.—Relatives identified the body of the woman who lately dropped dead from heart disease on a trolley car as Mrs. Clara Pennoyer, sister of the late Roland Reed, the actor.

Besides being a member of a family of theatrical artists, Mrs. Pennoyer also followed a stage career for fifty-five years, and had appeared in many well-known productions. In childhood days she was the original Eva in "Uncle Tom's Cabin," which was produced at a local theater.

NEW CHRISTIAN CHURCH TO GO UP IN FULLERTON

FULLERTON, May 26.—The building of a new Christian church here will begin within thirty days. About \$7000 has been pledged by local members and plans are being drawn. The present buildings will be moved to the rear of the lot and remodeled for a parsonage. During the recent revival meetings held here fifty-five members were received.

Nicaraguan Boat Boards and Searches Vessel Flying the Stars and Stripes

STATE DEPARTMENT NOT YET DECIDED ON ACTION

Rebels Repulse Madriz Troops With Aid of Americans—Battle Tomorrow

WASHINGTON, May 26.—The state department has received the first official notification of the searching of the American ship by the Nicaraguan gunboat Venus. The department is considering the probable attitude to be taken. It is reported that it may declare the vessel Venus a pirate.

Rebels Repulse Madrizites
BLUEFIELDS, May 26.—After heavy losses, the government forces, which have been attacking the rebels' stronghold at the customs house, were forced to retreat today. They are marshalling their forces for another attack, and the rebels are strengthening their position.

Two hundred of Madriz's soldiers are reported as killed, while the rebels' loss was small. Several skirmishes took place today but it is believed a renewal of the attack will be postponed until tomorrow.

Americans here are clamoring for an investigation of the reported searching of the American schooner Esfuerzo by the Nicaraguan gunboat Venus.

BLUEFIELDS, Nicaragua, May 26.—A Nicaraguan government force from the gunboat Venus yesterday boarded and searched the American schooner Esfuerzo, flying the Stars and Stripes. The action was in defiance of a ruling from Washington that the Venus had forfeited her right of searching. Reinforcements are being hurried to the attacking party and it is expected that the renewal of hostilities tomorrow will be accompanied by great loss of life.
The American machine guns manned by Americans are regarded as responsible for the rebels' success. The example of the Americans is reported to have held the rebels to their task. During the last charge of the Madrizites a score of Estradans leaped the trenches and ran forward with bayonets fixed. All were killed.

SEATTLE, May 26.—The University of Washington crew defeated the Stanford crew by four lengths on the three miles course of Lake Washington today. The Washington team leaves for Madison tonight to meet the University of Wisconsin for the Western championship.

PULLMAN COMPANY FIGHTS LOW RATES FOR UPPER BERTHS

CHICAGO, May 26.—Arguments of the Pullman rate case are being heard today. The Pullman company is trying to prevent the Interstate Commerce Commission from lowering the rates for upper berths throughout the west. It argues that the company is not a common carrier and is therefore not under the jurisdiction of the commission. The case is being heard before Judges Grosscup, Seaman, Baker and Kohlstadt of the United States Circuit court.

TO REGULATE PHONE RATES

Orange Trustees Expect to Name Maximums—Boys "Borrow" Automobile

Orange News: An ordinance for regulating of telephone rates was read at the meeting of the city trustees last evening and promptly passed to the second reading. The ordinance, when it has traveled its course, will probably provide that the maximum rate which the telephone company can charge for telephones within the city limits will be \$24 a year for business and \$18 for residence telephones, up to 800 connections. Above that the ordinance will probably provide for an additional \$60 increase in rate for each additional 500 subscribers.

The measure is designed to insure users without subjecting them to the inconvenience of two systems. It was passed to second reading when such changes as are deemed advisable will be made.

Roy Welch, professing to be a newspaper solicitor, was sentenced by Judge Pfeiffer yesterday to spend ten days on the rock pile for absentmindedly leaving town without settling his obligations. Welch was here about two weeks ago and worked a short time for the Orange Post. He left in possession of some of that newspaper's funds and also owing a small bill at the Olive hotel. He was located at Corona and brought back to answer for his delinquencies.

Three boys too sportively inclined, were brought to book yesterday for "joy riding" of a remarkably daring kind. They took J. P. Boring's automobile from the garage behind his shop Sunday evening, and returned it covered with road oil. He suspected Monday morning that the machine had been used and on examining his register discovered that it had run 31 miles since he had used it. He discovered the identity of the boys without much trouble, and though the district attorney informed him that they might be sent to the reform school, he let them off on condition that they pay for the damage and be good in the future. He learned also that the Sunday night run was not the first that his machine had enjoyed without his knowledge.

SUGAR PLANT WILL BE A GO

Anaheim Claims It Is In Lead For Location of Factory In This County

Anaheim Gazette: Mr. Hadsell said yesterday the sugar factory will probably be located here, despite the small amount of stock subscribed for at the outset of negotiations for it. In company of Wm. McLaughlin and other members of the local committee he spent the week interviewing out-of-town people, all of whom expressed a willingness to subscribe. A score or more of residents with capital to invest have been interviewed, and each in turn has expressed approval of the enterprise. A number of stock subscriptions have been taken, and doubtless others will follow. All agree that the factory will be an enterprise of the first magnitude, and that the stock is regarded by all as gilt-edged has been amply proven. It is expected that by the end of the week \$25,000 will have been subscribed for by those people.

Buena Park, Fullerton and Garden Grove are actively at work for the factory, and seek to have it located at Buena Park, in the center of the beet field. These sections claim Buena Park offers the more advantageous location, while local subscribers state, that beets are shipped from Orange county to Oxnard and Chino at \$1.50 per ton, while more than a sufficient acreage to supply the new factory can be secured at a freight haul of 50 cents per ton.

Local members of the committee say it has been a long pull and a hard pull, but as we go to press the report comes that the factory is assured, and that the ground for the buildings will be broken inside of sixty days.

A conference of representatives of this section, Buena Park, Fullerton and Garden Grove will probably be called in a few days to pool issues, to the end that all doubt of the factory may be set aside. An agreement will be entered into that if Buena Park makes the better showing, "it shall have local endorsement. If, on the other hand, Anaheim is nearer the mark the outlying sections will co-operate with the town and combine their stock subscriptions with us.

A distinctly optimistic feeling pervades the town, and this is due, not so much to the success of the committee, as to the statement by Mr. Hadsell yesterday that the factory will be a go.

The pessimist who is always with us says this will depend largely upon the action of the moneyed men and women of this section. If they see the matter in the right light and subscribe liberally, Anaheim will get the factory. If not, it goes to Buena Park.

Mayor's Proclamation To the People of the City of Santa Ana.

Whereas, the 30th day of May, 1910, has been set apart by law as a legal holiday for the commemoration of the services and death of those who died on the battlefield in defense of their country, I therefore, by the power vested in me by the people of the City of Santa Ana, request all business men of the city to close their respective places of business between the hours of 12 o'clock m. and 4 o'clock p.m., and join the Grand Army of the Republic in commemoration of the lives and services of those who served their country in its hour of need.

FIFTEEN WENT INTO STRIKE

A. U. W. Co. Gives Instructions About Use of Water Without Permission

Anaheim Gazette: Fifteen employes of the Union Brewery on Friday morning left their positions, demanding shorter hours and increase pay. Three brewers, who received \$24 per week, demanded a half holiday on Saturdays, and twelve bottlers, who are paid \$18 asked \$20. The men demanded a three-year contract, which was refused.

The brewery promptly filled their places with men from Los Angeles, and the establishment is working up to its full capacity.

On Saturday afternoon four of the strikers were placed under arrest by Marshal Simpson and charged with obstructing the street. The men were near the brewery and are alleged to have requested patrons to discontinue their patronage. They were taken before Justice Howard, pleaded guilty and will have a hearing in court at 10 o'clock on Thursday morning, the 26th.

The wild shrieks of a parrot, perched upon the limb near the residence of John Henry at the West End Thursday morning at 9 o'clock directed Mr. Henry's attention to the fact that his house was on fire. Running out of the stable, Henry saw the kitchen ablaze and flames leaping through the roof. Mrs. Henry's first care was for her little daughter, aged three, who was playing in the yard.

Neighbors gathered rapidly, but the fire burned so fiercely that nothing in the building could be saved. A \$450 piano was consumed, together with the furniture, silverware, household goods and clothing. The only thing saved was the parrot, which has been a member of the household for many years and is prized as a pet.

The house was built by Alex. Henry in 1876; the loss \$2,000; insurance \$750.

16% DIVIDENDS

"Home Builders" stock is now earning a 16 per cent dividend on par, which is nearly 9 per cent on the money in at \$1.85 per share.

This is a gilt edge earner—the profits from increase value above the \$1.85 the next year will make a handsome profit as well

"Home Builders" dividends are paid in cash, 4 per cent every three months, and are paid from its interest and building profits, not from the sale of stock or the premium thereon.

\$1.85 for "HOME BUILDERS" stock—after June 1st the price will be \$1.90—not an arbitrary boost in order to stimulate buying of shares, but a justifiable value on the basis of assets and surplus

Sunday "HOME BUILDERS" published its ninth quarterly statement, showing an accumulation in assets for 27 months of \$620,937.26. This splendid total discloses a growth of 496 times the original paid in capital of \$1250.00 in the remarkably short space of time of 27 months.

You may search the market through and not find its equal. "HOME BUILDERS" is going to do still greater things for its stockholders—much as it has done already.

Its thorough construction—its easy payment plan, and the splendid reputation it has made with the home buyer is keeping the building department crowded to its money capacity. The sale of more of its shares means more houses built and more profit made. So that your money invested in its shares will go into immediate profit-making.

Fastest Growing Home Building Enterprise in Southern California

"HOME BUILDERS" is a product of Los Angeles thrift and enterprise. A perusal of its financial statement is proof of its solidity and rapid rise in the financial world. It numbers among its shareholders many of the shrewdest and most substantial investors in Southern California. You should be a "HOME BUILDER" if you are not already.

KINDNESS TO ANIMALS
Speaking of pensions, whoever thinks of pensioning a faithful and worn-out animal? It will be gladly admitted that a few people who have the means with which to do so retire a specially faithful horse that has passed the years of usefulness, and it must be that the recording angel takes note of all such cases.

If so, the angel's attention is just now called to Chicago, where an old horse that has been in the service of the city for sixteen years is by special resolution of the Lincoln Park commissioners pensioned for life. The resolution provides that he shall never be sold, shall always have the place of honor, have the most comfortable stall and shall be cared for in every way until death, and that his picture shall be framed and hung in the most conspicuous place in the park.

Here is sentiment that has nothing of the maudlin in it, but is of that practical every-day kind that ought to rule in every man's breast. If it did, there would be no need of humane officers, for everybody would be humane. How true it is that "a merciful man is merciful to his beast," the conclusion being that if he is not merciful to a horse or a dog or a cow, for instance, he will not, except it be expedient for his own purpose, be merciful to his fellow man.

The Register has repeatedly warned the French people that dueling is a dangerous sport, and especially has it offered its good offices to two certain "counts" who had met twice on "the field of honor." Disregarding these admonitions, the gentlemen referred to have again been indulging in their favorite pastime with the result that both of them met with an accident. One of the pistols went off prematurely and inflicted a flesh wound in the pistol arm of the opposing duelist, which so unsteady his aim as to cause him to drop his opponent with a bullet in his thigh. It is to be hoped that this experience will teach them to be more careful next time, or better still, to take advice and hereafter settle all matters of "honor" under a less dangerous code.

Taft having sprung a surprise on the sugar thieves in New York by pardoning out one of their employees who had been convicted, that he might give his testimony against the "higher-ups," it is now in order for tariff cranks to let out an extra howl. This will be necessary in order to attract public attention away from the fact that the administration is loyally standing by the people in bringing the frauds of importers to light.

The Political Watchtower

Now that the Republican county central committee has recommended that Fred Struck be appointed supervisor of the Fourth district, there comes the question of how long it will be before he gets his appointment. Lieutenant Governor Porter has informed the clerk of the Board of Supervisors that the matter had been referred to Gov. Gillett, who is in the East. Many people thought that Porter would make the appointment without referring the matter to the governor. Porter's letter to the clerk was short, and from it it can not be stated whether or not the appointment will be hung up until Gillett returns to the state, or only until Gillett gives notice of approval to Porter.

Also now that the central committee seems to have settled the matter of the appointment, there comes the question as to whether or not the two defeated candidates will enter the race for the nomination to be made at the primaries on August 16. Struck was a candidate for the nomination before Dr. MacMullen died. Following Dr. MacMullen's death, Struck naturally sought the appointment. He had opposition in securing the endorsement of the central committee, and it seems more than

An Important and Little Understood Aspect of Primary

Do you realize, Mr. Voter, that the August primary, 1910, is to afford you your last chance to say whom you prefer to head the national ticket of your party in 1912? Such is the fact. On the 16th of August you will elect delegates to a county convention that will be held within two weeks thereafter, and you will not again elect delegates to a county convention until August, 1912, before which time the national convention of your party will have been held and your party candidates will have been nominated. The delegates whom you elect this August, to constitute your county convention, will be the delegates who will constitute the county convention to be held in April or May, 1912, for the purpose of electing delegates to the state convention of your

likely that he will have opposition for the nomination. A. R. Smith and D. C. Drake, who sought the endorsement, have not as yet gone openly into the fight for the nomination, but there is some talk that they may enter the race. It is known that the backers of Smith did not take their defeat at all gracefully, and are more than prone to stir up trouble for Struck at the primaries. Whether or not they run Smith for the nomination or take some other man remains to be seen.

Up to date there are six men who want to be the next supervisor from the Second district. T. B. Talbert of Huntington Beach, J. H. Edwards of Westminster and Jerome Fulsom of Garden Grove, are out for the Republican nomination, and Sterling Price and R. L. Draper of Bolsa, and C. W. Warner of Huntington Beach, are out for the Democratic nomination. The matter of community considerable figure in the feelings of the voters of the Second district, even more so than it does in some of the other districts. Each candidate has this factor either in his favor or against him. For instance, the friends of Talbert are counting on Fulsom of Garden Grove pulling votes there that otherwise would go to Edwards; and friends of Price and Draper are counting on the precincts outside of Huntington Beach giving them the advantage over their Huntington Beach opponent, Warner. Among Edwards' backers is G. W. Moore, whose resignation from the Board of Supervisors made it possible for Talbert to be appointed.

Over at Buena Park last night there were candidates galore. These Associated Chambers of Commerce monthly meetings are great for the candidates, and the candidates are great for the meetings. The meetings bring together men from all parts of the county—just what a candidate likes to meet up against. And the attendance of candidates helps out the showing at the meetings in great shape. When the campaign is over with there will be a sad dropping off in the average attendance at the banquets of the Associated Chambers.

Another conference of Democrats is to be held at the city hall Saturday afternoon of this week. The Democrats expect to settle at that meeting upon someone to run for assemblyman and upon someone to run for supervisor from the first district, comprising four wards of Santa Ana.

NERVOUS DYSPEPSIA

If You Have It, Read This Letter—
Mi-o-na is Guaranteed
—I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. I took his treatment four weeks, but did not feel any better. I took everything I heard of. The first day of December, 1908, I got a box of Mi-o-na. I took them that afternoon and the next day and haven't had one bit of pain in my stomach since the 2nd of December. I took five boxes. Feel well now, and sleep good—Mrs. M. E. Maxfield, R. F. D. 2, Avoca, N. Y.

party, which convention will elect delegates to your national convention. Under the direct primary law the county convention chosen this year will be reconvened for that purpose in April or May, 1912. Perhaps the law should have made different provision for that convention. Two years from now men may have very different views in regard to presidential candidates from those they now entertain. If they now entertain any views at all, but they will not then be able to make their views effective at the polls. Their only recourse, then, will be to reason with delegates elected this year. For this reason the greatest care should be taken this year in selecting delegates to county conventions. Such delegates are, so to speak, to double business bound.—California Weekly.

Our Washington Letter

WASHINGTON, May 26.—The sixth year of the stupendous work of building a canal across the Isthmus of Panama to connect the Atlantic and Pacific oceans ended on May 3 and in that time so much has been accomplished that the costly waterway may be opened to the commerce of the world in 1914. The official estimate places it a year later in order that there may be no miscalculation.

The progress of the work may be seen in the important features of the canal. These are the cut through Culebra, the locks at Gatun, Miraflores and Pedro Miguel, the building of the Gatun dam and the creation of Gatun Lake.

The excavation record by years since May 1904, is as follows:

May 1 to May 1.	Cubic Yards.
1904-1905	648,911
1905-1906	2,964,993
1906-1907	7,365,438
1907-1908	24,197,267
1908-1909	38,038,898
1909-1910	32,672,565

Total 105,888,072

Of the total remaining, the amount to be taken out by dredges is 29,232,652 cubic yards, and the amount by steam shovels is 38,827,617 cubic yards.

Of the 18,051,278 cubic yards excavated in the Central Division 14,888,427 cubic yards were taken from Culebra Cut. The record of excavation in the cut since May 1904, follows:

May 1 to May 1.	Cubic Yards.
1904-1905	648,911
1905-1906	1,250,570
1906-1907	4,851,895
1907-1908	11,285,217
1908-1909	13,980,430
1909-1910	14,886,427

Total 46,913,450

There yet remain to be excavated from Culebra Cut 31,128,845 cubic yards, and the work is advancing at the rate of 1,240,000 cubic yards a month, that being the average monthly excavation since May 1, 1909. The work of dredging is practically confined to the Atlantic and Pacific entrances of the canal.

The construction of the Dam across the Chagres River at Gatun was continued during the year in three sections—the dry and hydraulic fill of the eastern half of the Dam; the lining of the spillway with concrete; and the dry fill of the western section. The parallel ridges of rock and earth stretch across the valley, from hill to hill, and between these ridges the hydraulic fill is being made. In the east half of the Dam the hydraulic fill is at 53 feet above sea level, which is within 62 feet of the final height. In the western section the hydraulic fill

Orchestra and Pipe Organ Recital

Percy K. Lusk and Babize's orchestra are arranging for another recital to be given Wednesday evening, June 1, at the First Baptist church. This combination of organ and the fifteen pieces in the orchestra, together with several vocal selections, promises a real treat to music lovers.

Rev. Murkett's Reading

Had such an audience greeted Rev. Herbert E. Murkett last night on his appearance at Elks' Hall, as his merit as a reader deserves, the seating capacity of the spacious auditorium would have been severely tested. As it was, the hall was about three-fourths filled, but what the audience lacked in numbers was made up in appreciation, each part of the program being enthusiastically applauded.

The selection read last night was the "Scene at Grande Point," from George W. Cable's novel of Arcadian life in Louisiana. It introduced the lovable, enthusiastic, irrepressible, sweet-hearted Bonaventure, the "teacher" at Grande Point; his pupil and rival, Claude; Sidome, the shy, dark-eyed Arcadian whom both school-mas-

ter and pupil love; Geo. W. Tarbox, a whimsical but warm hearted book agent, who is a perfect Solomon as a judge in the contest in which Bonaventure is arrayed against his critics, the Arcadians.

Mr. Murkett's impersonation of these varied characters in voice, manner and expression, was simply marvelous. His characterization of Bonaventure was especially admirable. His audience could fairly see the volatile, noble spirited, high-minded, excitable Frenchman in his various moods, whether as trying to calm his "children," as the generous but despairing rival of Claude, or as the central figure of the final contest, where he "shows off" his classes before Tarbox and his Arcadian enemies.

An interesting preface to the reading was Mr. Murkett's brief story of how he became a reader. He told of having spent his early life in the cotton mills of New England, and of his leaving the mills determined to become a preacher. Finding his voice high pitched from the necessity of using certain tones in the mills in order to be heard above the clanging of machinery, he entered a school of oratory to acquire a speaking voice. There he developed a talent for elocution and his success in that line divided his mind for a time as to whether he would become a preacher or a reader. He was offered the chair of oratory in Williamette University on the Pacific coast, but during a hitch in the proceedings, he became the pastor of a small church. This fixed his choice and reading became merely a side issue of his career. Last night's reading was positive evidence to those who heard him that Rev. Murkett would have been a master of his profession had he ultimately decided to become a reader. However, the public's loss in that respect is the Methodist church's gain.

Should Rev. Murkett announce another entertainment similar to that of last evening, it is quite sure that he would be greeted by an audience limited only by the size of the hall.

Before the readings last night, the Santa Ana City Band played most acceptably, "War Songs of the Boys in

Blue," arranged by C. W. Dalbey, and an encore march. The proceeds of the entertainment went to the Ladies' Aid Society, under the auspices of which society the reading was given.

Bridge Whist Club

Mr. and Mrs. Maurice Yarnell entertained the Bridge Whist Club last night, Mrs. H. D. Connell winning the ladies' prize, and Parke Roper taking the gentlemen's prize.

Y. M. P. C. Social

The Young Married People's class of the Methodist Sunday school were delightfully entertained at dinner Tuesday evening at the home of their teacher, Mr. Geo. F. Heil.

After dinner, the company, twenty-four in number, adjourned to the parlor and spent the remainder of the evening enjoying a short program and a general social time. Everyone spent a delightful evening and declared Mr. and Mrs. Heil a splendid host and hostess.

United Presbyterian Social

The United Presbyterians will hold a congregational social in the church on Friday evening, May 27. The congregation is divided into two sides, alphabetically. This social is to be given by the first division, with Mrs. Harry Dean, chairman. A good program is arranged. All the members and their friends are invited.

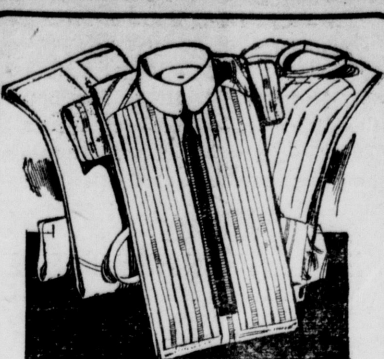

Delightful Evening

Torosa Rebekahs honored Mrs. Fannie Lacy last night as a recognition of her recent election as conductor of the Grand Assembly of Rebekahs of California. In the presence of a large number of visiting Rebekahs from Westminster, Huntington Beach, Orange, Whittier and Anaheim, as well as members of the local lodge, a presentation of a handsome hand-painted, gold-trimmed, four-piece dresser set of dainty toilet furnishings, was made to Mrs. Lacy, Mrs. Clayton, Noble Grand, voicing, in a happy presentation speech, the gratification of the local lodges over Mrs. Lacy's success. Mrs. Lacy responded with an unaffected and appreciative little talk, expressing her happiness in being so kindly remembered. Other felicitous speeches were made, including one by Mrs. Flowers of Westminster, who presented Mrs. Lacy with a bouquet of pretty flowers.

Initiation and the reception of two returned members, Mr. and Mrs. D. G. McClay, were pleasing features of the evening, which was ended by the enjoyment of light refreshments.

All persons born in Illinois or over residents there are invited to attend this picnic.

Chanticleer Dinner

Mrs. H. D. Connell was hostess at a Chanticleer dinner on Tuesday evening for Mrs. Henry T. Rutherford, a farewell affair before the departure of the guest of honor for the East, where she will remain some time.

Red and white were the prevailing colors used in house and dinner decorations, the centerpiece being of maidenhair ferns and red carnations. The dinner guests were Messrs. and Mesdames H. T. Rutherford, J. W. Tubbs, Joe Parsons, Frank Remsburg and A. L. Colver. Bridge whist

followed the dinner, prizes being won by Mrs. Rutherford and Joe Parsons. A guest gift was presented to Mrs. Rutherford.

May Festival Social

The young people of the Reformed Presbyterian church held a social in the parlors of the church on Tuesday evening. The affair was in the nature of a May festival and one of the amusements of the evening was a progressive game in which the letters of the words "May Festival" were used. Other progressive games were played.

Refreshments of ice cream and strawberries, served in orange shells, were served at small tables. While the guests were still at the tables, slips of paper were distributed among them and each one was asked to write a newspaper, the articles to be concerning those present. It may be imagined that fun galore resulted from this impromptu journalism.

The parlors were beautifully decorated with sweet peas, which were used in generous abundance to carry out the pretty festival idea.

Pleasant Dinner Party

One of the pleasant functions incidental to the Robbins-Garnett marriage was the 6 o'clock dinner given Tuesday evening by Mr. and Mrs. O. M. Robbins, parents of the bridegroom, to the young men who later acted as ushers for the wedding at the church. Pink roses and ferns blended with the pretty table appointments and the dinner was a delightful affair as the young men entertained were close friends of young Mr. Robbins. Ray Steadman, who was head usher, has been intimately associated with Mr. Robbins for many years, and the others, John Hundley, Avera Hoyt, Chas. Fuller and Roger Palmer, were the bridegroom's former-class mates at Pomona College.

At Mrs. Lehman's

The ladies of the English Lutheran Trinity church were the recipients of very delightful hospitality on last Tuesday night, when about forty of them were the guests of Mrs. C. Lehman, at her country home, three miles northeast of Santa Ana. The ladies took advantage of the outing and had a genuinely jolly hyride to the Lehman home.

Conversation and music caused the evening to pass all too quickly, and these were supplemented by a sumptuous supper spread by the hostess, assisted by her daughter, Mrs. Berken. The tables presented an inviting appearance, and merry chat over the delicious viands made the hour one of jollity.

Congregational Picnic

The annual picnic of the Congregational church and Sunday school will be held on next Saturday in Orange County Park. Start will be made from the Congregational church at 7:30 o'clock. Everybody take lunches.

All those having conveyances, that can be used for the picnic are requested to notify Prof. J. A. Cranston or A. J. Crookshank.

Art Exhibit and Address

Miss Helen Keech, who has so efficiently filled her position as instructor of art and music in the Orange high school during the past year that she was recently re-elected, will close the year's work with an art exhibit tomorrow afternoon at the Glassell street school, Orange. The exhibit will be held in conjunction with the last meeting for the year of the Child Study Circle, which will be addressed by District Attorney S. M. Davis.

Surprisers Surprised

A surprise linen shower was given Miss Maud Clary at her home, 1002 East Fourth street, Wednesday evening, by a crowd of her most intimate friends. She received a number of beautiful as well as ornamental linen pieces.

After serving each guest with ice cream and a variety of cakes, the evening was spent in games and other amusements until the 11:20 car came in from Los Angeles, when to the surprise of everyone Miss Clary

and Mr. Ray Holley of Garden Grove, after announcing that they had been married early in the evening, unknown to their many friends, took the car back to the city.

After making a bridal tour of a few days, Mr. and Mrs. Holly will make their future home in Garden Grove.

THE SECRET OUT

"What made my lovely complexion? I do not like to tell, for it was medicine, but the nicest a woman ever took. It was Lane's Family Medicine that did it." This is a pleasant herb tea which acts favorably on the stomach and bowels, purifying the blood and cleansing the skin like magic. It cures headache and backache. Druggists and dealers sell it, 25c.

His trial was set for next Tuesday and bail fixed at \$40 in default of which he was committed to the custody of Sheriff Ralphs and was locked up. The officers are ready to place a more serious charge against him should he be able to give the bail.

EXTENSION OF TIME GIVEN TO FILE PAPERS IN OVERACKER CASE

Attorney B. E. Tarver went to Los Angeles this morning and secured an extension of time in which to file a transcript in the Appellate court in the case of S. H. Overacker condemned to life imprisonment for the murder of G. A. Winn at Newhope on Jan. 13. In cases of appeal of this kind, there is twenty days in which to file the transcript. In the Overacker case, the transcript is voluminous, and the court reporter, Lester Salyback, has not completed his task. The Appellate Court gave an extension of thirty days. The appeal in the case was to the Supreme Court, which transferred it to the Appellate Court.

Unique Features of the San Diego Exposition

Under the agreement entered into between the representatives of San Diego and those of San Francisco certain salient features have been accorded for exploitation by the Panama-California Exposition as being peculiarly adaptable to the purposes of the San Diego enterprise. Within the scope of these unique features will be the presentation of the history of the countries tributary to the Exposition and objective exhibits of the modern scientific processes of reclamation, irrigation and colonization. History. Under this head will come the collecting of exhibits of all the native tribes of our own Far West, Mexico, Central and South America; the reproduction of their architecture and mode of living, together with their arts and industries, in such a manner as to preserve the story of

reclamation. The government has spent, and is spending, vast sums of money in reclaiming arid America. Practically all of this wealth is being spent in the southwest, where a territory as large as the state of New York, hitherto supposed to be absolutely worthless, is being turned into a veritable garden. Few persons outside of the districts immediately affected by these projects know anything of the work going on. There is every reason to believe that when these facts are made known, and the manner in which this reclamation is being accomplished is demonstrated, it will create a world wide interest in the development of this section of the country.

Irrigation. In the matter of irrigation it is proposed to demonstrate the

manner of storing, carrying and applying water for the purpose of cultivation from the rude ditches and adobe reservoirs of the aborigines to the immense masonry dams and aqueducts of the present day, which are among the most remarkable engineering feats of the age. Few persons realize the change that can be accomplished with water in our so-called deserts or the possibility of conserving this water in these arid districts, but what has been done in isolated cases can be done today with millions of acres of supposedly worthless land.

Colonization. Having a vast undeveloped and sparsely settled territory with plenty of water, and capable of producing every known fruit and grain, it remains to people that territory. Accomplish this and two markets are created—for the tiller of the soil who produces, the manufacturer who utilizes and the capitalist who develops—all these buy and sell. San Diego is the gateway to the southwest. A demonstration of these facts will bring the people and the capital.

After the completion of the Panama canal a large part of the stream of European immigration now pouring into the ports of the Atlantic states can easily be diverted to the Pacific Coast, and San Diego, because of geographical position, will be the distributing point for these colonies of homeseekers. The fact that we have nothing on this coast to offer the immigrant except the potential possibilities of an undeveloped country requiring energy and ambition will exclude the undesirable element, for we only have to cite history as an example of the sturdy stock the conquering of nature requires.

Harbor. San Diego is looking forward to the improvement of its harbor. Plans are being drawn and work of construction will be under way by 1912. One of the prime objects of the Panama-California Exposition is that the money to be expended upon docks, sea-walls and the dredging of our bay shall not be wasted. Docks and warehouses without commerce and freight are worthless, and the port that cannot supply cargoes has no attraction for the shipowner. With

a rapidly growing territory to draw from, rich in every mineral and extremely fruitful, San Diego can hope, by the time her docks and sea-wall are completed, to be in a position to demand recognition from the commerce of the world.

One May Overcome

constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

A Woman's Back
Has many aches and pains caused by weakness and falling, or other displacement of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent purgative, tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.
Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.
You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.
Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

LOS ANGELES PRODUCE MARKET

Receipts of cherries yesterday morning were 560 boxes. The story does not end there, however. Receipts of cherries yesterday afternoon were 750 boxes. The result was a very rapid decline in prices. The market opened at 11 cents on black cherries and later in the day went as low as 8 cents. On Royal Annes the market dropped as low as 6 cents on the smaller stock and 8 cents on the best. The receipts reported are the heaviest of the entire season and caused the first real break.

Case count eggs were off half a cent, selling at 25 straight. There was a very good demand at that figure. Eastern fresh were obtainable and sold around 23 cents. Receipts of local eggs totaled 426 cases. California creamery extra butter also sold 1/2 cent under the 30-cent quotation. Reports from Chicago, Elgin, and New York show the market exceedingly firm. Receipts of local stock were 39,834 pounds.

Cheese arrivals were the heaviest of the week, 17,725 pounds. Swiss imported cheese was the best seller on the list. Offerings were limited to Oregon full cream, a little northern fresh and eastern twins.

Receipts of potatoes were limited to seventy-eight sacks. Offerings of Highlands, Idaho and White Rose potatoes were numerous, but buying was not heavy. Local wagon receipts were large. No changes in prices were recorded.

There was a trifle better feeling in Bermudas, the jobbing price holding up to \$1.40. There were no receipts of Bermudas or of Australian Brown onions. Garlic was in good demand and sold at 8 cents a pound.

Apricots were down to \$1 per box. About 375 boxes of this fruit arrived. Peaches were held at \$1.50. No big demand was recorded. Cantaloupes held firm with the growing demand for them.

Two cars of northern cabbage arrived in the morning. It was all crated, and, being of extra select stock, sold rapidly. Lettuce arrivals were all local and the price on good lettuce is holding at 65 cents a crate.

Cucumbers continue to sell at reasonable figures, from 40 cents to \$1 per dozen. Imperial Valley cucumbers are arriving to compete with hot-house stock grown in this part of the country. Tomatoes are growing more scarce right along, Mexican shipments being reduced considerably.

Pompano were the choice arrivals on the fish market. In a retail way they sold at 40 cents a pound. Shad roe were another of the delicacies obtainable. These sold at 35 cents a

New York Lawyers Name Price They Want for An Opinion

City Trustees to Take Matter up at Special Meeting Very Soon

For a fee of \$250 Attorneys Dillon, Thomas & Clay of New York, will tell the city of Santa Ana whether or not the state law allowing a city to form districts to build sewers is legal or illegal. The offer was made to the city this morning in a telegram received from the attorneys.

At the last meeting of the city trustees it developed that the city's plan of districting the city to sewer the unserved portion and to build an outfall sewer to tide water might fall on the ground that the statute might be defective. City Attorney Heathman said it would be well to get an authoritative opinion from the leading bond attorneys of the country before proceeding further with the proposed bond election. He was instructed to see what Dillon, Thomas & Clay would give an opinion for. Today an answer was received by telegraph as follows:

"Answering letter May 17, fee for opinion on question submitted will be approximately \$250. We understand you do not now wish us to approve bonds but only to pass upon specific questions. If you wish us to proceed please send note of any pertinent decisions either for or against city's position.

"DILLON, THOMSON & CLAY." John McFadden, president of the board of city trustees, and City Attorney Heathman are out of town. When they return a special meeting of the trustees will be called to determine whether or not the city wants to pay the price, \$250.

The city officers consider that the securing of further sewerage facilities for Santa Ana is a matter of great importance. The district plan has been settled upon as the best plan for securing the needed sewers and outfall. The officers feel that the city ought not wait until the law is amended by the next legislature before getting into action. That being the case, the fee may be paid and the opinion secured. If it is favorable, the procedure for a district bond election will be taken up again. If unfavorable, the city must endeavor to get bonds by a city bond election, or wait for the law to be amended and then proceed under the district plan.

NAGAI SENDS BACK THANKS

Acting Consul General Pleased With Entertainment Given Him Here

Matsuzo Nagai, acting consul general of Japan at San Francisco, who recently visited this county, and was given a reception, automobile ride and banquet, has written the following letter to N. A. Ulm, secretary of the Merchants & Manufacturers' Association:

"Gentlemen:—On reaching home after my recent trip to your section of the state, I feel it to be my first duty, as well as my pleasure, to send back a word of thanks to your association and to thank the hospitable people of Santa Ana for their kindnesses and courtesies to me while I was in your beautiful city. You have certainly placed me under a weight of kindly obligations and sent me on my way with pleasant memories.

I thank your association and its members, one and all, for your kindness, and sincerely trust that the cordial relations which you are doing so much to foster between my people and the good citizens of California may grow stronger and become more firmly rooted in the light of the better understandings which are daily growing up.

With sincerest good wishes, I beg to remain,

Very truly yours,

MATSUZO NAGAI, Acting Consul General of Japan.

CASE ELECTED ITS PRESIDENT

He Heads Sugar Company—D. H. Thomas Chosen Secretary by Directors

The newly elected board of directors of the Southern California Sugar Co. organized by electing officers yesterday afternoon as follows: F. H. Case, president; F. P. Nickey, vice-president; Dr. J. M. Haugh, treasurer; D. H. Thomas, secretary; Miss Marrs, assistant secretary.

By this election a radical change is made in the officers of the sugar company. The old officers were James Irvine, president; James McFadden, vice-president; F. H. Case, secretary. The minority members of the old board, who placed A. Getty and H. S. Hadsall on the new board, are not represented in the list of officers.

A number of matters of business came before the newly organized board of directors at its meeting yesterday at 4 o'clock.

Makes Good Showing

Increases Assets 496 Times in Twenty-seven Months--A Record of Growth To Be Very Proud Of.

"The Los Angeles Financier" of May 21st in commenting upon the financial statement of "Home Builders" for its ninth quarter says, "Home Builders has issued its quarterly statement in which it shows that in twenty-seven months its assets have grown to \$620,337.26 or nearly five hundred times more than they were at the beginning. This is an excellent exhibit for a little more than two years and is another evidence of our remarkable record in building activity."

This is a record to be proud of, and every one of the nearly fifteen hundred shareholders in this great co-operative building enterprise are jubilant. They are happier perhaps over the cash-in-hand dividends their concern pays them every three months, and likewise, they rejoice over the steady advance in the price of shares which month by month makes their holdings very much more valuable.

The financial statement above referred to by the Financier also shows a surplus and undivided profits amounting to over \$155,000.00. This surplus in which each share of stock has pro-rata interest is why "Home Builders" stock is worth \$1.85 per share and why this enterprise is going to raise its price to \$1.90 next Wednesday, June 1st.

"Home Builders" office at 129 South Broadway—the Ground Floor Mason Opera House Bldg., is growing all too small for it with the increase of business of the enterprise.

You can look for a stream of shareholders thereabouts on and after June 1st for a few days on account of the distribution of the ninth quarterly dividend checks which will be distributed at that time.

"Home Builders" is certainly an enterprise of which Los Angeles and adjacent counties may well be proud.
